

## HIGHLIGHT

- World Fencing Day
- Fencing in Abeokuta
- 

In this September edition, we present you a peek into fencing activities in the last one month.

## WORLD FENCING DAY AWARENESS

Our mission at Nigerian Fencing is to introduce fencing to every corner of the country, to nurture and train world class fencers that will bring glory to Nigeria.

The 2018 World Fencing Day was celebrated on the 8th of September 2018. It was a perfect opportunity to create a lot of buzz about the sport. There was a presentation at Bodyline Gym Ikoyi.

Also as part of the world fencing day celebration, the Vice-President of the Federation Mrs Rachael Samuel was interviewed by TW Magazine where she shared her thoughts about fencing and made a case for increased support for fencing in Nigeria.

As part of the expansion process, Coach Elizabeth was at BCOS Ibadan and Fresh 105.9 FM Ibadan for interviews on fencing. She spoke about the benefits of taking part in the sport and encouraged more female participation in order to increase female Olympians.

**“There is no  
glory in  
practice, but  
without  
practice, there  
is no glory”**

## FENCING IN ABEOKUTA

As part of our nationwide expansion program, we are pleased to announce the start of fencing sessions at Nobel House College and Day Waterman College.

These are prestigious institutions in Abeokuta and we are glad to have a working relationship with these schools, as it will create a larger pool of fencers to work with. This is a step closer to achieving our dream to make fencing accessible to everyone regardless of class, age and gender.

## IN CONCLUSION

We celebrated World Fencing Day by creating awareness in Lagos and Ibadan

We also began fencing sessions at prestigious schools in Abeokuta, Ogun State.

Finally we want to thank our partners for their continuous support, as we improve lives through sports.
